

## Everyone Has A Role In Civil Defence Plans

Mrs. B. Johnston, Civil Defence Director for the Town of Didsbury, today summarized the purpose of National Civil Defence Day when she stated:

"Each province and municipality, from the largest to the smallest, has a vital role to play in Canada's Civil Defence plans. Without this participation and mutual co-operation, life may some day come to a sudden end.

"Optimism as some may be, the possibility and prospect of a nuclear war can not be dismissed by any plain thinking person.

"Salvation for citizens of target cities will lie in a complete dispersal from the city into reception areas. Residents of these reception areas must stand by to assist in feeding, housing, and clothing their fellow men evacuated from target cities. The evacuated citizens would arrive in the reception areas over a period of about six hours and would be housed on the basis of one for every member of the household in the reception area.

"Later on, the final balance of city dwellers would arrive in a shorter period of time. They would at first have to be housed on a five to one ratio in reception area households.

"When and how many target city dwellers would arrive and be housed in any reception area will depend upon that area's distance from a target city. The aim of evacuation planning is that the first evacuees travel the farthest and later arrivals would be placed in communities closer to a target city.

"One of the prime purposes of Civil Defence is to plan for the care of evacuees and their accommodation. The method and transportation required by a sudden exodus of large numbers of city population into town and rural areas is a matter of continued discussion and planning by Civil Defence Officials.

"Without co-operation of all residents, Canada's future survival could be jeopardized. Civil Defence Day is held as a reminder to all citizens that they have a duty to perform to ensure the safety of Canada and of their family and self."

## Tries New Cancer Drug On Himself

Scientist C. Ivy, using himself as a guinea pig for the controversial "cancer drug" Krebiozen, Tuesday underwent an operation to prevent cancer of the tongue.

Ivy, the leading exponent of the drug, injected himself Monday with three ampules, or three cubic centimeters, of Krebiozen in preparation for the operation to burn away a pre-cancerous lesion on his tongue.

The results of the operation won't be known for quite some time, Ivy said, probably six to 12 months.

## Harmattan News

[From Our Own Correspondent]

Mr. and Mrs. Norman Mann and family of Edmonton were recent visitors of Mr. and Mrs. Wilfred Spooner and family.

Robert Turnbull moved to Fox Creek last week where he is employed on a drilling rig.

The St. Georges W.A. met at the home of Mrs. Dave Morgan last Wednesday with just a few members attending. The main business was the sorting of goods for the rummage sale which will be held the last part of October or the first part of November.

Next meeting to be held in the evening at Mrs. Dave Morgan's with Mrs. John Morgan as hostess.

Mrs. Allen Vipond was a recent visitor of Mrs. Tony Spooner.

Mr. and Mrs. Ole Kolstad and family moved to Sundre last week where they have taken up residence.

Mr. and Mrs. Bill Grange and Mrs. John Morgan were recent visitors to Lacombe where they attended the confirmation services held there by the Bishop of Calgary. Miss Kathleen Grange was one of the young ladies confirmed.

Mr. Dick Spooner has been enjoying his two weeks' vacation at the home of his parents, Mr. and Mrs. Tony Spooner.

## FALLEN TIMBER

[From Our Own Correspondent]

Mr. and Mrs. Joe Teynor, Mrs. Emma Wright, Mr. Leonard Wright, Mr. and Mrs. Bob Moore and family, Mr. and Mrs. Johnny Moore and family, travelled to Calgary on Sunday to visit with Rev. Cecil Moore.

A number of ladies from this district visited with Mrs. Margaret Margaret Welch at Cremona one day last week.

We are sorry to hear that Miss Dorothy Starr has injured some muscles in her neck. We wish her a speedy recovery.

Miss Joanne Teynor spent the weekend at the home of Miss Kathy Fyten.

Miss Joy Fyten spent the weekend with Miss Donna Teynor.

Mr. and Mrs. W. Fyten and family were visitors at the home of Mr. and Mrs. H. Sien last week.

Mr. Pat McGaffin is home for a week prior to his entering university in Edmonton on Sept. 22nd.

Mr. and Mrs. Joe Teynor and family, Anne-Marie and Gordon McGaffin, Mr. and Mrs. W. Fyten and family, were Sunday visitors at the home of Mrs. Emma Wright.

Mrs. Ester McMullen and children were recent visitors at the home of Mrs. Frank Herbert.

## JOBLESS BENEFITS TO BE INCREASED ???

Canadian Labor Minister Michael Starr said Tuesday the government is considering increasing the present \$30 per week limit on unemployment insurance benefits.

Starr told the annual convention of the International Union of the United Steelworkers of America that two billion dollars has been paid out in unemployment insurance in Canada since the fund was set up in 1941.

Under the plan, employers and workers pay 40 per cent each with the federal government paying the remaining 20 per cent.

Starr said unemployment insurance applications had lately been running about 33 per cent above last year's level. In early spring, he said, they were as high as 98 per cent.

## Guest Editorial

SETTING A BAD PRECEDENT  
It may be the easiest way out of a bad mess, but we cannot see the logic in the British Columbia and the Federal Government paying the rebellious Sons of Freedom to leave Canada. The authorities have been too easy on these people over the years and they have not been made to obey the laws of the land that save them shelter and protection.

We are very sure that Russia would never agree to the return of the Doukhobors from Canada if it did not give them a propaganda value. Is this potential national embarrassment worth the two millions of dollars it would cost to get these unruly people out of our hair?

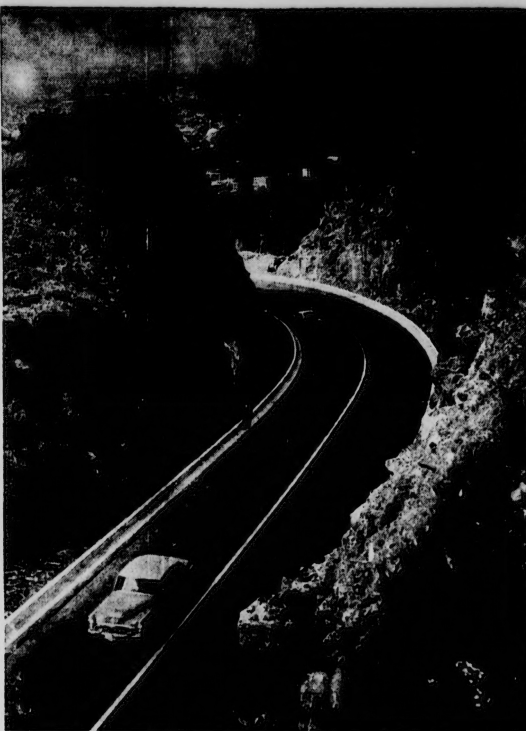

We were interested in a bit of information the Hon. W. N. Chant dropped the last time he was in Camrose. Speaking of the Doukhobors children who had been removed from their families and sent to a regular Canadian school, he said a new problem has arisen. Those of graduation age were reluctant to return to their Doukhobor homes.

We don't think it would be too severe a penalty to impose upon this lawless group to physically sterilize the adults and thus let them wither away. We are definitely opposed to our governments becoming the victims of blackmail, which this Sons of Freedom problem has turned out to be. Blackmail is punishable by severe penalties, so we make no apologies for the suggested above.

— Camrose Canadian

## Golf Notes . . .

Ladies are asked to play their championship games off as soon as possible. Entry fee of 50 cents will be paid to Mrs. J. Currie to be eligible for prizes.

Traffic begins to move along Montreal's new 'over-the-mountain' roadway following ribbon-cutting ceremony. At some spots motorists have a panoramic view of the city. At other sections they pass solid rock walls.

## Home & School Start Fall Meetings

The first fall meeting of the Didsbury Home and School Association was held on Monday, September 11 in the school auditorium.

In spite of the harvest season there was a good attendance. The meeting took place on the form of a social and get acquainted evening.

A word of welcome was extended to all by the president, Mrs. H. Traub, the principal, Mr. E. T. Wiggins and vice-principal Mr. W. Stauffer who then introduced the teachers.

Addresses of welcome were also extended to the recent appointees to the school and former teachers by Mayor H. Lynch-Staunton and Mr. Moore, president of the Didsbury Board of Trade.

Miss Pat Halliday's Grade eight room won the school banner at this meeting.

The regular meetings of the Home and School will continue to be held on the second Monday of each month. However, due to Thanksgiving Day falling on October 13th, the meeting will take place on Monday, October 6th.

## WEST NOTES

[From Our Own Correspondent]

Owing to the busy season only a very few members attended the meeting of the Elkton Willing Workers at the home of Mrs. A. L. Hoag on Wednesday last week. As a result no business was discussed. The next meeting will be held at the home of Mrs. J. Bashaw, when plans will be made for a pot-luck supper at the school.

Mr. and Mrs. Arnold McCullough and family spent Sunday with Mr. and Mrs. H. Krebs.

Mr. and Mrs. O. Blain were Friday evening visitors with Mr. and Mrs. J. Bashaw.

We were sorry to hear that Mr. W. F. Brown, who recently visited in the district, suffered a severe heart attack on his return home and is a patient in the Chilliwack hospital.

Mr. and Mrs. Rawleigh of Bonness were over-night visitors with Mr. and Mrs. Arnold Hoag at the weekend. The latter returned to Calgary with them on Sunday, where she will help out at the C. S. Hoag home while Mrs. C. S. Hoag is in Vancouver, where she will see her sister, who is en route to Australia.

Mrs. O. Krebs of Lethbridge was a weekend visitor in the district at the weekend.

Mr. C. Russell was able to return home from the hospital on Saturday.

## MELVIN NOTES

[From Our Own Correspondent]

Mr. and Mrs. Eddie Krebs of Vancouver have been visiting relatives in the district the past week. They also spent a couple of days visiting Eddie's brother and family in Edmonton.

Mrs. George Youngs is home again after an extended visit during the summer with her sons in Edmonton and Saskatoon.

Mr. and Mrs. Walton Youngs and family spent several days last week with the former's mother and brother-in-law, Walton tried his hand again in harvesting operations, which came to an abrupt end with the weekend rain.

Mumps and chicken pox are prevalent in the district again, the latest victims being Shirley and Laurie Krebs and Janie Fischer. The flu is also making the rounds.

Vandals invaded the Melvin hall some time recently, smashing furniture and windows and leaving things in a general mess of destruction. Apparently padlocked doors are no deterrent to the type of character who considers such behavior smart. They must never have heard about respect for community property.

## This Week's Hail Report . . .

Following is a report from the W.R.D.C. hail suppression unit that is situated on the butte just west of town and covering an area of 700 acres, which includes the M.D. of Kneehill, M.D. of Rocky View and the City of Calgary.

The past week's weather produced moderate to heavy rain in the district, which is a welcome change after the week-end storm developed very rapidly on Friday with the main precipitation occurring in the Calgary area.

The W.R.D.C. office at McCall gold in Calgary observed some soft, tapacoid-sized hail about 6:00 p.m., with the beginning of the storm. No other reports of hail were received, except for some from the aircraft pilots who observed some at higher elevations.

After the storm "set in," the forecasting parameters indicated the absence of a hail threat, so no operations were conducted during the rains of Saturday and Sunday. The W.R.D.C. rain gauge on the butte west of Didsbury recorded 1.1 inches of rain during the storm from Friday night until Monday morning.

## First Aid Classes To Start Oct. 7th

First aid classes will commence here on Tuesday, October 7th, in the basement of the Knox United church, from 8 to 10 p.m. These classes will be held under the auspices of the local defence group and the St. John Ambulance Corps. Those wishing to participate are asked to contact Mrs. B. Johnson, phone 26, as soon as possible.

Let's think about that quiet life of yours for a minute. Have you or any member of your family ever suffered a household accident? Any falls, burns or broken bones? Civil Defence teaches you how to apply first aid, home nursing and emergency actions to save life while waiting for the doctor.

## AT THE DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. J. Lore of Carstairs, on September 13, a son.

To Mr. and Mrs. L. Steffler of Carstairs, on September 16, a son.

To Mr. and Mrs. D. H. Casey of Crossfield, on September 16, a son.

## SMALL NOTE BRINGS BIG RETURNS

In the last issue of The Pioneer it was mentioned that we had been presented with a king-size cucumber grown in the district.

Since then we have received a few more large-size and unique garden products, grown within this district.

The largest specimen we have is a pumpkin, weighing in at 25 lbs. 5 oz., grown by 13-year-old LaVerne Lewis. He has another one that knocks the scales at around 20 lbs. We also hear that Bob Artman has a pumpkin in his crop that makes the scales squeak at 36 lbs.

Mr. N. A. Dyck brought in three crabapples and three larger green apples. They are all well finished (in fact the staff finished off a couple of them) and are considered to be much better than average for this area.

Mr. Pete Jensen got into the act with a three-carrot entwined display, about nine inches long.

The above are all on display in The Pioneer office.

If we get more contributions to the display, we'll have to open a vegetable and fruit stand.

and Quaker Oats.

### STONES IN GRAIN

#### A SERIOUS DEGRADING FACTOR

Modern methods of harvesting cereal crops have introduced problems. One of the more important of these is the increased occurrence of stones and earth pellets in the threshed grain. The growing importance of this problem has been responsible for the establishment, by the Board of Grain Commissioners for Canada, of a new and stringent set of regulations governing admixtures of stones and earth pellets in Western grain which are not removable by ordinary cleaning methods.

**Low Tolerances.** The tolerances of stones and earth pellets allowed in the different grades of wheat, oats, barley, rye and flax are now exceedingly low! In wheat, for example, No. 1 Northern must be free of stones. No. 2 Northern can only contain one stone per 500 grams (200 grains equals 11 pounds). No. 1 Northern wheat that contains over one stone and not more than three stones per 500 grams is degraded to No. 3 Northern. All grades of wheat containing more than three stones per 500 grams are graded "rejected account of stones." These tolerances are rigidly enforced by government grain inspectors.

**Care in Harvesting Pays.** The use of faulty swathing methods is the main cause of admixture of stones and earth pellets in threshed grain. The best way to avoid this damage is to make sure that stones and earth do not get into the swath. Swaths that are laid down carefully, and well supported by the stubble, can be easily picked up by the combine. Make sure, however, that the pickup fingers of your combine are run at a speed that will prevent them from throwing stones and earth on top of the swath. Proper reel adjustment is also important. Grade losses on account of stones and earth pellets are costly. For instance, if your barley is graded rejected on account of stones it may cost you anywhere from 10 cents to 25 cents per bushel. A little extra care in swathing and combining this year's light grain crops will pay good dividends.

WANTED — Housekeeper, must be able to drive a car; full charge of house. Apply to Fred Sukeroff, Didsbury. 36-41p

## Your Community Is Judged

## By the Advertisers in

## "Your" Newspaper . . .

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned if you do not use more than a 2 line space. A stranger picking up a newspaper should be able to tell what business is represented in town by looking at its paper — it's the best possible town advertiser. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business that comes to town, but refuses to advertise his own in the newspaper is not a valuable addition to any town. The life of a town depends on the live wide-awake and liberal advertising business men."

— American Bankers' Magazine

#### GRAIN TIE-UP AT COAST CAUSES CONCERN

The strike of 2,000 longshoremen at the West Coast has now had grain shipments from that area tied up completely for more than three weeks. The situation has become extremely critical and Canadian grain exports this season are bound to suffer as a consequence. Though export of all commodities from the Vancouver area is held up, the stoppage in the grain movement is the most serious since it heads all commodities in value and volume. It is ironic that the farmers of Western Canada, who have absolutely no part in the dispute, should be the big losers. The same situation has prevailed on too many occasions in the past in strikes of both railway and terminal workers.

Surely some means can, and must, be found to protect the innocent farmers in these disputes.

— The Budget

Keep Canada strong and at peace, Civil Defence is a major factor in maintaining a strong Canada.

## WEDDINGS

### FREEMAN — SLATER

Brooks United Church was the scene of the recent wedding of Martha Jean Slater, niece of Mr. and Mrs. S. L. Simpson of Camanay, to Mr. Thomas Bruce Freeman, son of Mrs. J. M. Freeman and the late Mr. J. M. Freeman of Didsbury. Rev. H. Ilsey officiated at the ceremony which took place at 3 p.m. The church was decorated with baskets of gladioli and fern.

Given in marriage by her uncle, the bride wore a full-length white gown of nylon tulle with overskirts of applied French imported lace. The portrait neckline was trimmed with French lace and embroidered with sequins and pearl trim. She carried a bouquet of sweetheart roses and stephanotis.

The bride's only attendant, Mrs. R. Anelson, wore a waist-length gown of blue taffeta and tulle with matching head-piece, and carried a bouquet of pink carnations.

Best man was Mr. Dawney Allen of Brooks; ushers were Mr. Jack Freeman, of Calgary, brother of the groom, and Mr. James Slater, brother of the bride.

Mrs. J. Cann was organist for the ceremony and Mrs. P. Paulson sang "The Wedding Prayer" during the signing of the register.

A reception followed in the Royal Room of the Elks' Hall, where the toast to the bride was proposed by Dr. Don Coulter of Brooks.

The bride's aunt wore a blue floral sheath gown, with white accessories and a corsage of white carnations.

The groom's mother chose a dusky rose dress with navy accessories and a corsage of bronze carnations.

The bride changed to a black and white dress, with red and white accessories and a corsage of red roses, for a honeymoon trip to the U.S.

On their return the newlyweds will reside in Brooks.

### LIGHT YOUR WAY ...

### ... WITH BIBLE STUDY

"I believe in God the Father Almighty, Maker of heaven and earth. We all speak these words, but do we understand what they mean and do we believe what we say?"

God is called "Almighty" and "Maker" because by His Word He made all things out of nothing. He spoke. There was. "In the beginning God created the heaven and the earth." That is the Scriptural account. The world and the creatures thus came into existence through the omnipotent command of the personal Creator.

Evolution must be rejected as untenable even on rational grounds for it does not account for the existence of primeval matter and since it rests upon a principle disproved by nature, namely, on the supposed transmutation of the homogeneous into the heterogeneous (transmutation of species).

God made man. Man is not the outgrowth of a gorilla. Man is a fallen saint; not a cultured brute. Man is a withered flower; not a cultivated weed. We quote but the historic answer to evolution as given by Professor Robert A. Milliken, winner of the Noble prize in physics: "The pathetic thing is that we have scientists who are trying to prove evolution, which no scientist can prove."

And yet, on the other hand, we find that there is no discrepancy between true science and the Scriptures. The two must be in perfect harmony. I have before me the following statement made by the Research Science Bureau: "a \$100 reward to any person who can prove that there is even one scientific error in the Bible." For a number of years this offer was made. So far, no one has ever established claim to it.

I recall the statement made by one of my high school teachers, an Irishman who taught us mathematics: "If you want to believe that you came from a monkey, go right ahead. I believe God made me." I agree with him. Do you?

## THE LOCAL NEWSPAPER MAINTAINS ITS INFLUENCE

- How often a successful executive, far from his small-town birthplace — maintains his contacts through regular receipt of his weekly newspaper.
- There is nothing quite like a small town weekly for neighborly news and intimate contacts.
- People in the advertising business talk about selected audiences — sharply focused circulation. They have learned from experience that when a publication is specially edited to appeal to the specific interests of a smaller group of people, its opportunities to make sales are multiplied many times over.
- The weekly newspaper is that kind of publication. Whether its circulation is a few hundred or a few thousand, it represents effective circulation.
- Gather the towns-people and farm folk around you when you advertise. Surround yourself with friendly neighbors — deliver your advertising message through your local weekly newspaper.

**58.2 Per Cent of Canada's population live in places of 10,000 or Less. THESE ARE WEEKLY NEWSPAPER MARKETS.**

### Check On The Signs And The Spaces . . .

Starting a new era as regards the parking problem in "our town," the council have decided that the hard-top from the Royal Bank corner to the telephone office corner will become a one-way avenue. Signs will be prominently displayed to give all vehicle drivers an idea of which direction they may travel according to law. Sidewalks and curbs have been painted to designate your parking space (keep between the lines please). The directional signs were not in place at the time of writing but may be in position by the time this wee message reaches your eyes. They tell us this scheme is only on a trial basis and could be changed at any time. We'll have to wait and see how the one-way angular parking deal works out. While we are on the subject of town parking, what goes with the parking lot next to our sweet shop? Can we expect a levelling job in the near future? Maybe some gravel? Maybe some guard rails on either side? Maybe some action, of some kind, but soon?

### Just For The Record . . .

Nomination day for town councillors will take place on September 24th and a possible election for two town councillors is set for October 15th. As was mentioned within our columns last week, these are not dates to be overlooked. We, the voters, should be more than interested as to who should guide the destinies of the town's future. In local elections this writer does not take sides — all we plug for is good representation at the polls by all those who have the privilege of voting. One thing we can't go for is the fellow who whispers his opinions on the street corners and on election day does not turn up at a polling booth. We ask that you make sure you're not classed in the whispering brigade bracket.

### "D" Day Coming Up . . .

Friday, September 19th, has been set aside in Canada as "Civil Defence Day." We've heard many comments as to the effect on the public as regards special days designated to acquaint the populace with what could happen and what might happen. Some laugh, some shrug their their shoulders and the minority group, it seems, take a much more serious view of what is being done to protect our lives and the lives of those we love. Our only suggestion is that you visit your local civil defence headquarters on "D" Day and take a look at the brain centre of your local unit. Don't be one of those who say: "It couldn't happen here." It most definitely could, with very disastrous results, if you're not prepared.

### Another Famous Quote . . .

"From the worldly point of view there is no mistake so great as that of being always right." The above came from the pen of Samuel Butler. Thank you, Mr. Butler.

#### READ YOUR OWN

The following story doesn't apply to readers in The Bulletin's circulation area. Of course, we think the moral of the incident should be passed on:

Once upon a time, there was a farmer too cheap to subscribe to his local newspaper. Every week he'd send his little boy to borrow the next door neighbor's. One day, in his haste, the boy tripped over a hive of bees and in 10 minutes looked like a summer squash.

His father rushed to his assistance, and failing to notice a barbed wire fence, tore around a \$10 pair of pants. The old cow took advantage of the gap in the fence, got into the next field and gorged herself to death on green corn.

Hearing the commotion, his wife ran out, upsetting a four gallon can of cream into a basket of little chickens drowning the entire lot and losing the cream. The baby, left alone, crawled through the cream into the parlor, ruining a \$150 rug.

During all the excitement the eldest daughter ran off with the hired man, the dog broke up six sitting hens, and the calves got out and chewed the tails off four shirts on the line.

Moral: — Everyone should have their own copy of their home-town newspaper.

— Brooks Bulletin

### Notes From D.A.

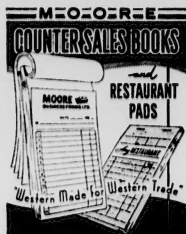

District Agriculturist  
By HOWARD FULCHER

Farm buildings are expensive to construct, the cost of maintaining them may also be great. The trend is away from large showy buildings to an adequate type of shelter. The purpose of the building is to provide shelter so that the farm income will be increased. This increase comes from greater gains on meat animals, more production from dairy and poultry, maintenance of quality of grain for feed or sale.

Before any building is constructed the plan should be carefully studied, the need and purpose of it established. The plan designed upon should provide the greatest shelter at the least cost and still give adequate protection. It should be so designed that when it is functioning labor requirements will be low. The actual construction should be of material which will be desirable and keep maintenance costs low. Over a period of time markets may change, disease may become a problem, desires may be different — these factors causing changes in size of enterprise of the farm program. It is therefore important in building to allow for expansion or conversion of the structures.

The amount of labor required in doing daily chores on a farm depends greatly on the location of buildings as well as their actual plan.

Farm income can easily be decreased with over-capitalization in buildings which have a low efficiency as with inadequate facilities. Farm buildings should suit your individual needs, be located where they serve you best, have reasonably low construction cost, yet be adequate in providing protection and efficient in their operation.

THE DIDSBURY PIONEER

LARGE CROWD ATTENDS  
BRAY SALE AT COCHRANE

The sale held by Floyd Bray of Cochrane on August 15th was a decided success. There was a large crowd in attendance and the bidding was brisk. Cows that would farrow about September 1st, sold at a price from \$127.50 per head to \$95.00 a head. Cows with late spring calves sold at \$230.00. Pasture bred heifers sold at \$175.00. The top milk cow brought \$270.00, bought by Fred Yeabsly of Calgary. The horses sold exceptionally well. A sorrel two year old gelding, green broken, sold for \$260.00; a palomino, two year old, green broke filly, sold at \$220.00. An aged black team sold for \$225.00. The auctioneer, Raymond Shantz of Didsbury, handled the sale with ease, starting at 10:30 a.m. and finishing off about 5:30 p.m. He also said this was his latest gross sale he has had in his short auctioneer's career of seven years.

### Time To Check Your Firearms

This is a further appeal to persons owning firearms in Canada who have not registered or re-registered their weapons in accordance with the Criminal Code of Canada.

All persons possessing weapons, who have not had them registered or person who registered weapons prior to 1962, are urged to apply for registration certificate listing all the firearms in their custody.

How to obtain a registration certificate:

1. If you own a pistol or revolver which has not been registered:

Application for registration of these weapons should be made to your nearest police department or R.C.M.P. detachment who in turn will forward the application to The Commissioner, Royal Canadian Mounted Police, Ottawa, Ont. Once registration is completed, certificate issued and returned to the applicant.

2. If you own a pistol or revolver which has been registered to you prior to 1962.

Send your old certificate to the above address (Ottawa) and a new certificate will be issued in its stead.

If you have lost or mislaid your old certificate write a letter advising when it was registered and

advise make, model, calibre, serial No., barrel length and number of shots, and a new certificate will be provided.

3. If you have received a pistol or revolver which was previously registered to another person.

It will be necessary for you to apply to your nearest Police Department, so the transfer of this weapon may be noted and recorded at the Central Firearms Bureau, Ottawa.

Registrations made prior to January 1st, 1962 have elapsed and are no longer valid. Do not delay. It is a criminal offence to have unregistered weapons in your possession.

DID YOU KNOW ? ? ?

Radio-active fallout from an H-bomb can contaminate an area 200 miles long by 40 miles wide — Civil Defence provides information on survival if such a bomb should fall in your area.

THE  
Homemakers

By HELEN HOWARD  
District Home Economist

Today, homemakers, I'd really like to talk to the teenagers in your family —

## Something For The Girls

The Olds School of Agriculture is "calling all girls". There is still time to get your application in to the Principal, Olds School of Agriculture if you are interested in a six month course in Home Economics. The fall term begins October 28, 1958.

The courses offered for girls are:

1. Regular courses - 2 winter terms.

2. Two-in-one course - 1 winter term.

The six month winter course includes courses in:

Foods: actual preparations, menu planning, table setting and service.

Freezing, canning and general good nutrition.

Clothing: complete sewing instructions plus study of textiles, costume designing and clothing selection and buymanship.

Home Management: budgeting, buying, work organization, home decoration, and handicrafts.

Other Subjects: Typing, book-keeping, horticulture, poultry, public speaking and English literature.

No other six month course offers such an excellent training in Home Making or such a valuable experience as gained through the life in residence and the social and recreational activities of college life.

For more particulars or requirements, cost or for application forms write to The Principal, Olds School of Agriculture.

## More Teen Talk

September and October bring again in the organization of 4-H Girls Clubs in Clothing, Foods and Home Decorating.

WHO CAN JOIN A 4-H CLUB? - Any girl between the ages of 12 and 21.

HOW MANY MEMBERS DO YOU NEED? - 8 girls.

HOW CAN YOU START A CLUB? - If there are 8 girls between 12 and 21 years of age who are interested in a club - contact me and I will come and help you organize.

WHAT DOES 4-H OFFER A GIRL? - Projects in clothing, food or home decorating, teach the girls proper techniques. — Conducting business meetings, taking executive duties, working with others on group projects. — Social and recreational program as well as educational.

## SERVICE

## BOARD

## NOTES

— By —

W. K. SNYDER

Agricultural

Service Board

TREE PLANTING: This letter is directed especially to those of you who have trees on order for 1959 planting as well as those who have planted trees during the past few years. Land that is to receive new plantings must have been thoroughly summerfallowed for at least one year previously.

In that connection I shall be inspecting these plots and either approve or disapprove your order. Circumstances and care given some trees planted during the past few years in some cases make it necessary that we tighten up somewhat on the regulations. There are cases where these newly planted trees were not properly cared for, weeds allowed to grow at will creating not only an unsightly situation but also a definite weed hazard.

The Provincial Department of Agriculture who supply these little trees free of charge are putting the onus on us to see that the very best advantage be taken of the trees. In other words DO NOT waste our time as well as your time along with the trees if you are not in a position or quite sure that you will be able to take these plantings weed free for at least three years after planting. This is a big job, planting the trees is a small item compared to taking care of them afterwards.

I will be taking a careful look at your applications as well as your past plantings and the plots which you intend to plant new trees. I am authorized to cancel applications of orders for trees where specifications are not up to par.

## DISTRICT NEWS

## M.V.B.C. NEWS

(From Our Own Correspondent)

Ray Stauffer has arrived on the campus and is helping build the Student Centre and the apartment for married students. We appreciate this extra help. The Centre will be available to the students when they come.

The library has been moved to the south classroom. This is a larger room and students will be able to study there without congestion in seating room. It is still not adequate and one classroom will have to be made available for study even now, but this greatly improves matters for us. Mr. Sam Eby, who has been working on the campus for many weeks, is putting in some extra shelves for books.

Mrs. Taylor and family went to Edmonton on Sunday with the Swartz's of the Bowden Institute. It was the occasion of the fall meeting at Beulah Home, where her mother is superintendent. They returned the same day.

Rev. and Mrs. William Falk, of Victoria, B.C., visited on the campus on Monday of this week. They will be staying in the Reist home where they have rented a room, and will also be teaching piano in the next month. Mrs. Falk is the former Maggie Finlay, missionary to Nigeria for many years.

Mr. and Mrs. Lavern Traub were last week visitors on the campus. They were married the latter part of August and will reside in the Pratt home for the coming year. Mr. Traub is taking pupils in piano and will also be teaching piano in the college this winter. Mrs. Traub is the former Doreen Wolfe, Reg.N. She is a graduate of this college.

The Stauffer-Nelson wedding was a very beautiful occasion when Clifford Stauffer and Miss Alice Nelson were united in marriage at Lacombe. Rev. D. K. Taylor performed the ceremony and Rev. W. D. Annett gave a brief message to the couple before they took their vows. Mr. and Mrs. Stauffer will be residing on campus this winter while the groom takes his third year of work here.

Rev. and Mrs. Auburn Witt will live in the apartment at the south end of the men's dorm. This will save them a place on campus while they teach and perform the duties allotted to them for the coming winter. They will move in at the end of the month.

We will have a good enrollment for the year. There may be those in town who would like to take a subject or two this winter. We would be most happy to hear from them anytime, to make arrangements for their work. Classes run from 9 a.m. to 3:30 p.m. A good selection of subjects may be yours any time during these hours. Take advantage of the college while you have time to do so.

**Mission Sunday**  
**Coming Up**

Mission Sunday, a Sunday devoted to the work of missions in the entire world, will be observed at Redeemer Lutheran Church on Sunday, Sept. 21. The Rev. Joseph Schultze, pastor of Grace Lutheran Church, Drumheller, will serve as guest speaker. The morning service will begin at 10:30. During the noon hour, a joint meal will be served. In the afternoon the service will begin at 2:30.

The following brief statistics will show the need of greater missionary work. In Africa there are 56 missionaries for every one million people; in South America but 30; in Korea only 20; in Japan, 14; in India and Pakistan, 9; in Indo-China only 3; and in the United States, 1448. And yet, while we here take our noon day rest, some 5,000 people die without knowing their Savior.

In a preparatory sermon, Rev. E. B. Fox last Sunday drew the congregation's attention to the work of one young layman in the field of missions. The Walther League, the youth organization of the 2,300,000 member church body, has sent volunteers to New Guinea the past three years to assist in construction of mission and hospital operations. One of these "mission builders" was suddenly called back home this February when his mother took sick. Three months after his return she died. But in the meantime James Kahre met, wooed and won, the daughter of the pastor of his home congregation. On September 13, James Kahre and Dorothy Rau were married. On October 1st they leave for a five-year "honeymoon" in the wilds of New Guinea, among tribes of primitive natives, who live in grass huts, wear bones for ornaments, and greatly fear the presence of evil spirits.

You are cordially invited to hear more of this work next Sunday at Redeemer Lutheran Church.

## CREMONA NEWS

(From Our Own Correspondent)

Mr. Arthur Benjamin Schantz, long-time district resident, passed away in the Didsbury hospital on Tuesday, Sept. 9th, after a short illness. Mr. Schantz was 82 years of age at the time of his death. He was homesteaded in the Didsbury district in 1900 and had resided in the Graham district for 45 years. He leaves to mourn his loss, two older brothers, Frank and Austin, of Kitchener, Ont. Funeral services were held in Cremona on Thursday, Sept. 11 and interment took place in Cremona cemetery.

Mr. and Mrs. T. Bamford spent several days recently with Mr. and Mrs. J. Simington at Cremona. While here they spent three days at Banff before returning to their home at Salem, Oregon.

Douglas Reid returned to school on Monday following an appendectomy.

The bi-monthly meeting of the Sewing Circle was held at the home of Mrs. Justina Simpson on Sept. 10th.

The monthly meeting of the Credit Union Board was held in the office on Sept. 11th.

The annual Hunters' Ball will be held at Cremona on October 17th.

## IT'LL HAPPEN EVERY TIME

"No, sir," said Eustace Coleridge, it's all wrong. What with the latest medical discoveries and the newest inventions, a man dies through carelessness. Not for me I'm going to watch my step, and live forever."

So — He brushed his teeth twice daily with the right kind of toothpaste. He had a complete physical examination every three months. He always stayed inside when it rained.

He slept with the windows open. He stuck to his diet with plenty of proteins and fresh vegetables.

He had his tonsils taken out and traded in several worn-out glands. He played golf, but never more than 18 holes at a time.

He took ocean trips, but only when the weather was good.

He never smoked, drank, or lost his temper.

He wore arch preservers.

He never worked under a strain or drove himself.

He never worried.

The funeral of the late Eustace Coleridge will be held next Monday afternoon. He is survived by 18 specialists, four health institutes, six gymnasiums, and numerous manufacturers of antiseptic appliances and sanitary foods.

(He had forgotten about caution on the highway.)

## BENNETT — PENNER

Mr. Robert John Bennett, eldest son of Mr. and Mrs. L. E. Bennett and Shirley Jean Penner, only daughter of Mr. and Mrs. J. Penner, were united in marriage on Saturday, Sept. 13th in the Cremona United Church. Rev. Magee officiated.

Given in marriage by her father, the bride looked beautiful in a lace over taffeta gown. She was attended by Miss Myrnie Reid, groomed in a turquoise nylon lace over taffeta, carrying yellow carnations. The bride carried a bouquet of red roses.

The groom was attended by Delbert Byrt and the ushers were Mr. Jim Bennett and Mr. Jim Bergeson.

Mrs. Gordon Reid played the wedding music and Miss Kathy Cameron was soloist.

Following the ceremony a reception was held in the Graham school.

The happy couple will reside in Didsbury.

**Little Items of Local Interest**

Mr. and Mrs. J. Whitale of Vancouver are visitors at the home of Mr. and Mrs. R. MacFarlane.

Mrs. D. Todd of Stone House, Scotland, arrived last Friday to visit her nephew and niece, Dr. and Mrs. R. Bankier for two weeks.

Mrs. I. Wrigglesworth and Mrs. L. Chamberlain of Calgary, arrived Tuesday to visit relatives in the town and district.

Miss Myrna Reimer left Sunday for Red Deer to join the staff at the Provincial School for Retarded Children. Myrna will teach recreational therapy.

Mr. and Mrs. Bruce Freeman, accompanied by Mrs. Nancy Freeman, were Edmonton visitors this past weekend.

Recent visitors of Mr. and Mrs. Arden Deadrick were Mr. and Mrs. Arza Curtis of Creston, B.C., Mr. and Mrs. Bert Hoeve and wee daughter Brenda Joan of Lacombe, Mr. and Mrs. Spencer Wilson and Sandra, of Calgary.

Mr. and Mrs. Len Berscht and family were Sunday visitors with Dr. and Mrs. D. McPeiridge and family of Lacombe.

Mr. and Mrs. Royden Fisher of Redwater are happy to announce the birth of a daughter, Linda Jean, born on July 29.

**A MOMENT WITH MONS . . .**

Mons Chapter I.O.D.E. opened fall activities with a well attended September meeting. The annual scholarship was awarded to Miss Barbara Jackson. Provincial and national budgets were discussed and the necessary contributions made. Three quilts were completed for Korean and European Relief.

Members were advised that Mayfair Magazine presented "The Award of Merit" to the I.O.D.E. National president, for over 50 years of service to Canada.

The chapter regrets losing the services of a faithful member, Mrs. Roy McArthur. Prior to her departure to Wetaskiwin she was presented with an I.O.D.E. sterling spoon with crest.

Anyone interested in Civil Defence courses to be given in Edmonton, October 20th to 24th (twelve), and October 27th to 31st (orientation), should contact Mrs. Bryan Johnson, phone 26. Registration should be sent in one month prior to opening date of course.

Mr. and Mrs. Jack Robertson spent a few days in Edmonton visiting her son-in-law and daughter, Mr. and Mrs. Dave Gilechrist and the newly arrived grand-daughter.

Mr. and Mrs. Adolph Baudistel and family visited the former's mother here on Sunday.

Mr. Wilbert Berscht visited recently with Mr. and Mrs. Otto Folkmann.

**Coming Events**

—St. Cyprian's Anglican Church service on Sunday, Sept. 21st, will be at 7:30 p.m.

—The fall executive meeting of the Didsbury W. I. Constituency will be held on October 4th at 2 p.m. in the Lions hall.

—The Evening Group of Knox W.A. will meet at the home of Rev. Gladys Griffin on Monday, September 22nd at 8 p.m.

**BOY SCOUTS TO MEET ON MONDAY, SEPT. 29th**

The 1st Didsbury Boy Scout Troop will meet on Monday, Sept. 29th, at 7:30 p.m. in the Lions hall. All boys between 11 and 16 years (inclusive) are welcome.

**South West Didsbury**

(From Our Own Correspondent)

Miss Helen Swalm was a recent guest at the home of Mr. and Mrs. H. W. Folkmann and family.

Mr. and Mrs. Lynn Hunsperger and family were recent Sunday visitors with Mr. and Mrs. Lyle Crossman of Sundre.

Mrs. H. W. Folkmann, Mrs. Delbert Levagood, Miss Katherine Folkmann and Mr. Ronald Levagood, motored to Edmonton Friday, where the latter are enrolled at Concordia College, Edmonton.

Mr. Jim O'Brien of Edmonton was a weekend visitor with the Meyer families.

Mr. and Mrs. Fred Befus and Gerald motored to Edmonton on Sunday where the latter will study at Concordia College.

Mr. and Mrs. Lynn Hunsperger and family were Sunday dinner guests of Mr. and Mrs. Dan Neufeld and family.

**WESTCOTT JR. W.I. PLAN FALL BAZAAR**

The Westcott Jr. W.I. held their September meeting at the home of Mrs. H. Wiskusen with only eight members present.

Roll call was answered by each member giving two articles for the fish pond. Some discussion took place on the Mental Health campaign as well as the fall bazaar. It was decided to have Miss Helen Howard at the November meeting, the topic to be decided later.

The ladies then worked on their various items for the bazaar. The October meeting will be held at the home of Mrs. Adam Konshuh and members are reminded to bring their bazaar items.
